Disclaimer

International Rectifier Corporation hereby
disclaims the terminal part of any patent granted on
the above-identified application which would expire beyond the
expiration date of the full statutory term of United States
Patent No. 5,008,725; and

agrees that any patent so granted on the above-
identified application shall be enforceable only for and during
such period that the legal title to said patent shall be the same
as the legal title to United States Patent No. 5,008,725, this
agreement to run with any patent granted on the above identified
application and to be binding upon the grantee, its successors or
assigns; and

does not disclaim any terminal part of any patent
granted on said above-identified application that would extend to
the full statutory term of any patent granted on said United
States Patent No. 5,008,725 in the event that said issued patent
later expires for failure to pay maintenance fee, is held
unenforceable, is found invalid, is statutory disclaimed in whole
or terminally disclaimed under 37 C.F.R. 1.321(a), has all claims
cancelled by a reexamination certificate, or is otherwise
terminated prior to the expiration of its statutory term, except
for the separation of legal title stated above.
